2021-2027

**Erasmus+ Programme  
Inter-institutional agreement  
Key Action 1**

**Learning mobility for higher education students and staff**

**between EU Member States and third countries associated to the Programme  
and third countries not associated to the Programme**

07

The institutions<sup>1</sup> named below agree to cooperate for the exchange of students and/or staff in the context of the Erasmus+ programme. This agreement is valid for the Erasmus+ call years 2022-2025 in:

- KA171
- KA131

The institutions commit to sound and transparent management of funds allocated to them through Erasmus+ and to respect the quality requirements of the Programme, outlined in the Erasmus Charter for Higher Education<sup>2</sup> and in this agreement.

The institutions agree on exchanging their mobility-related data according to the principles of GDPR<sup>3</sup> and in line with the technical standards of the European Student Card Initiative<sup>4</sup>, when this becomes available for international mobility involving third countries not associated to the Programme.

Sending institutions located in EU/EEA countries have to ensure compliance with the provisions of art. 46 GDPR for all participants' personal data exchanged in the context of their mobility with institutions from non-EU/EEA countries without an adequacy decision, on the condition that enforceable data subject rights and effective legal remedies for data subjects are available in the respective third country. The participants should be informed in a transparent manner about the level of protection of their personal data, if this is different from the one where the sending institution is located.

---

<sup>1</sup> Inter-institutional agreements can be bilateral or multilateral in the case of mobility consortia:

- Bilateral agreements are for cooperation between one higher education institution located in an EU Member State or third country associated to the Programme and another institution located in a third country not associated to the Programme
- Multilateral agreements are for cooperation between a mobility consortium of higher education institutions located in one single EU Member State or third country associated to the Programme and another institution located in a third country not associated to the Programme.

### 3. Partnership arrangements: fees and organisational support funds

In accordance with the Erasmus Charter for Higher Education, partners commit to charge no additional fees to students:

- In connection with the organization or administration of their Erasmus+ mobility period. Any violation to this rule by the partners shall be brought to the attention of the National Agency and may lead to the termination of the participation in the project linked to this inter-institutional agreement, if no corrective measures are taken.
- For tuition, registration, examinations or access to laboratory and library facilities. Nevertheless, they may be charged small fees on the same basis as local students for costs such as insurance, student unions and the use of miscellaneous material.

Partners agree on the following use and repartition of organisational support funds including a list of objectives that both partners consider a priority:

OS Use and Repartition	Priority Objectives
<p>The University of Split shall receive organisational support from the Croatian Erasmus+ National Agency for management of incoming and outgoing mobilities. Organisational support will be used by the University of Split. Organisational support will be used by the University of Split and Universidad Nacional de La Matanza (Buenos Aires) in ratio 80 (UNIST): 20 (Buenos Aires) to cover the costs incurred in relation to activities in support of students and staff, both inbound and outbound, to comply with the ECHE principles. Total OS amount available under this Agreement refers to the maximum number of 7 mobilities. In case of additional mobilities, no extra OS amount can be claimed.</p>	<p>Support of students and staff, both inbound and outbound, to comply with the ECHE principles.</p> <p>The partners agree to support the drafting of the Final Report which is to be submitted by the University of Split to the Croatian Erasmus+ National Agency (Agency for Mobility and EU Programmes) at the end of the project, by providing the relevant information and supporting documents.</p>

#### 4. Outreach and Selection of participants: calendar, application procedure and requirements

- Partners commit to doing outreach to participants with fewer opportunities to encourage their participation in the Programme and, where needed, agree on a common strategy to meet indicative inclusion targets.
- Partners commit to running selection procedures for mobility activities that are fair, transparent and documented, ensuring equal opportunities to participants eligible for mobility. The calls for applications must be public and an appeal procedure must be in place. Under no circumstances, shall applicants and selected participants incur any costs during application and selection procedures.
- In the case of student mobility, partners will ensure that other elements beyond academic merit are taken into account to ensure participation of students with fewer opportunities. Selection criteria and procedures must be clearly communicated in the call for applications.

Applications/information on nominated students must reach the receiving institution by:

**Selection criteria**

Although the academic performance is one of the main pillars to select the candidates, it is also important that the candidate speak proper English. For that reason, all the candidates are tested for professionals in that field. Also, we interview the candidates in order to get to know them, their personality, their professional experience and the perspective they have for the future. Gathering all that information we create a profile of the candidates and delivered which one is the most suitable for being selected.

**Selection process:**

The selection of candidates - as well as the procedure for awarding them a grant - must be fair, transparent, coherent and documented, and shall be made available to all parties involved in the selection process.

**The University of Split** announces the Call for applications for **outgoing** and **incoming** candidates on its web page, along with instructions for applicants. A section is dedicated to potential applicants with special needs and we offer them our full support. Partner

university copies the call on their web page. During info days, we stress the equal opportunities dimension and try to reach to disadvantaged persons.  
 All candidates apply to UNIST. Application period is negotiated between partners. Scanned applications and scanned signatures are accepted.

**Selection criteria** include academic merit, CV, motivation letter, LA, Curriculum improvement plan (for academic staff) and possible supporting documents like socio-economic background. With equivalent academic level, preference should be assigned to candidates from disadvantaged backgrounds.  
 Received applications are sent to home institution for evaluation, which is done by the responsible persons from IRO and/or departments. The best ranked candidates are proposed for selection and upon confirmation of both institutions, they are being nominated to the host university in accordance with available places in the agreement and available funds.  
 Selected candidates shall be in contact with their host university regarding practical matters.

In case of international credit mobility, the first criterion for selecting candidates must be academic merit, but with equivalent academic level, preference should be assigned to candidates from less advantaged socio-economic backgrounds.

### 5. Preparation and support

The Higher Education Institution(s) in an EU Member State or associated third country commit(s) to:

- Ensure that students are aware of their rights and obligations as defined in the *Erasmus+ Student Charter*<sup>11</sup>.
- Arrange travels or provide a pre-financing of the grant to **reduce the costs that participants need to cover upfront**, to the extent possible.

All involved Higher Education Institutions commit to the following preparation and support measures. Information and assistance can be provided by the contact points and information sources in the table below:

- The receiving institution will guide incoming mobile participants in finding **accommodation**, according to the requirements of the Erasmus Charter for Higher Education. It is considered best practice to use the individual grant to pay for the deposits of dormitories.
- Ensure that outgoing mobile participants are well prepared for their activities abroad, including blended mobility, by undertaking activities to achieve the necessary level of **linguistic proficiency** and develop their **intercultural competences**.

<sup>10</sup> You may find the implementation guidelines of the **Erasmus+ and European Solidarity Corps Inclusion and Diversity Strategy** here:

- Provide assistance related to obtaining **visas**, when required, for incoming and outgoing mobile participants, according to the requirements of the Erasmus Charter for Higher Education and, if needed, use project funds in the most inclusive way to cover related costs partially or in full.
- Provide assistance related to obtaining **insurance**, when required, for incoming and outgoing mobile participants, according to the requirements of the Erasmus Charter for Higher Education and use project funds in the most inclusive way to cover related costs partially or in full. The receiving institution will inform mobile participants of cases in which insurance cover is not automatically provided.
- The receiving institution will inform about the existence of relevant infrastructure and provide support to incoming **participants with fewer opportunities**.
- Provide **appropriate mentoring and support arrangements** for mobile participants, including for those pursuing blended mobility, as well as **integrate incoming mobile participants** into the wider student community and in the Institution's everyday life.
- Provide participants with their **grant as soon as possible upon arrival**, including if necessary a first payment using cash, check or similar to avoid delays linked to opening a bank account.
- The institutions commit to encourage participants to act as **ambassadors of the Erasmus+ Programme** and share their mobility experience, e.g. by providing information about the existence of Erasmus+ alumni networks, inviting former participants in promotion activities, etc.
